## EDUCATION

**University of California, Irvine** — B.S. Informatics

Expected Graduation: 03/2027

Relevant Coursework: UX/UI Design (Informatics 131, 132, 133), Software Engineering (Informatics 43), Software Design (Informatics 121), Python (ICS 31–33), Java (ICS 45J)

## PROJECTS

**UCI Project Team for Design — UX Designer**

*Apr 2025 – Jun 2025*

- Conducted UX research, created wireframes, and built high-fidelity prototypes in Figma
- Collaborated in a team setting to deliver user-centered design solutions
- Presented final designs and incorporated feedback into iterative improvements

**Informatics 132 — UX/UI Course Project**

*Jan 2025 – Mar 2025*

- Designed and tested interactive prototypes based on user research and usability testing
- Completed full UX design cycle: discovery → research → ideation → prototyping
- Delivered final presentation demonstrating usability insights and outcomes

## SKILLS

Design Tools: Figma, Adobe Illustrator

UX Methods: Prototyping, User Research, Usability Testing, Wireframing

Programming: Python, Java, JavaScript, HTML/CSS

Soft Skills: Communication, Team Collaboration, Leadership, Time Management

## EXPERIENCE

**Kappa Alpha Theta — Merchandise Chair**

*Jan 2025 – Present | Irvine, CA*

- Designed original sorority merchandise using Adobe Illustrator
- Managed preorders, inventory, and sales for over 100 members
- Collaborated with members to understand preferences and deliver appealing designs
- Strengthened leadership, organization, and marketing skills

**Emerald City Gymnastics Academy — Gymnastics Coach**

*Jan 2023 – Sep 2024 | Redmond, WA*

- Coached children ages 2–14, creating lesson plans for skill progression
- Communicated with parents about student development and readiness for promotion
- Managed multiple classes while ensuring safety and engagement
- Developed communication, leadership, and patience through mentorship
